

CTL EUROCOLLEGE | PARTNER NEWSLETTER

October 2026

Connecting expertise, education and European cooperation

Dear Partners and Colleagues,

We are pleased to share our updated Partner Identification Form (PIF) for 2026, accompanying this newsletter. Discover CTL Eurocollege's expertise, research team and European project experience, and explore opportunities for our next collaboration.

RESEARCH CONNECTED TO PRACTICE

Based in Limassol, Cyprus, CTL Eurocollege brings together expertise across Information Technology, Business, and Hospitality and Tourism. Our Research Office supports research teams, coordinates projects and funding proposals, and promotes the integration of research findings into teaching.

Our research strategy encourages international collaboration, scholarly publication, industry engagement and student participation in research addressing real-world business challenges.

PEOPLE, PARTNERSHIPS AND KNOWLEDGE

Our multidisciplinary research team connects academic expertise with project coordination and professional practice.

EXPERTISE FOR YOUR CONSORTIUM

Digital transformation and trust: cybersecurity, privacy, data protection, responsible AI and digital regulation.

Education and lifelong learning: curriculum design and development, training programmes, handbooks and digital learning resources.

Business and workforce development: leadership, human resource management, employability and organisational change.

Hospitality and sustainability: sustainable tourism, accessibility, inclusion and community engagement.

Research and evaluation: needs analysis, qualitative and quantitative methods, evaluation frameworks and evidence-based recommendations.

EUROPEAN PROJECT EXPERIENCE

Ongoing projects

- **SafeHost** — Early detection of gender-based violence in hospitality.
- **HR-AI** — Ethical AI training through Minecraft simulations.
- **DigiEMPOWER** — Digital skills and empowerment.
- **KEEP AI** — AI-related education and innovation.

Completed projects

- **Network of Towns** — Cooperation between European communities.
- **Up-skilling Operators** — Skills for sustainable tourism.
- **Digital Learning Transformation** — Future-oriented digital learning.
- **ECOHOL** — Ecological holidays and sustainable tourism.

HOW WE CAN CONTRIBUTE

Proposal development • Research and needs analysis • Work-package implementation • Curriculum and training development • Evaluation • Stakeholder engagement • Communication and dissemination.

We welcome cooperation with academic institutions, businesses, public bodies and civil-society organisations, including opportunities to pilot educational resources and connect research with professional practice.

LET US EXPLORE OUR NEXT COLLABORATION

Developing a project concept or seeking a consortium partner? Contact us to discuss how CTL Eurocollege can contribute.

Please share our attached PIF with relevant colleagues and consortium coordinators. We welcome your institutional profiles and expressions of interest.

Thank you for your continued partnership. We look forward to developing further opportunities together.
